Integration Specialist - Malta

Advertising Jobs ,Sliema, Malta

Description

Our client is a leading iGaming supplier developing in-house software used in the online gambling and forex industries based in Malta. Their clients include high profile gaming companies in Europe, Australia, North America and Africa.

They are currently looking for an Integration Specialist who can form part of their crack development team and help them integrate new clients into the platform. This person will be responsible for data integrations between the client business systems and the client itself and will be liaising with technical teams at both ends to achieve this.

Required Skills:

- MySQL knowledge - ability to understand a database layout and relationships construct complex queries, manage tables & indexes
- PHP 5 - 2+ years commercial experience, solid level of knowledge
- UNIX shell scripting
- XML, SOAP and REST API knowledge and experience
- Good communication skills
- Proactive in problem solving and troubleshooting & are self-motivated and resourceful
- Well spoken English
